April 2022

Hello Everyone! Spring is officially here and it is bringing some nice warm weather! The end of March was Severe Weather Awareness Week. As we get into the stormy season of Spring it is important to be on the lookout for any severe weather forming. Thunderstorms can lead to tornadoes in some conditions, so make sure you have a plan if severe weather strikes. For more information about what to do in the event of a tornado and how to prepare, visit NEMA's website <https://nema.nebraska.gov/operations/tornado-preparedness>.

We have another busy month of activities planned for you, so make sure you check out everything we have going on! We have a BIG announcement to make as well: Bob Doughty is returning every Wednesday to play music before lunch starting the first week in April! Welcome back Cowboy Bob!! We are very excited to have you back with us again!

## PLEASE NOTICE:

There will be no Caregiver's Support Meeting this month. Diane will be at a Caregiver's Training Workshop in Norfolk that Wednesday.

On the 18th, Brunch for Lunch will be served in-house from 11 to 12. Drive through and Meals on Wheels will be sent out at the usual times. Please call by Thursday, the 14th to sign up for this meal since we will be closed on Friday.

## April Fools' Day

Some historians speculate that April Fools' Day dates back to 1582, when France switched from the Julian calendar to the Gregorian calendar, as called for by the Council of Trent in 1563. In the Julian Calendar, the new year began with the spring equinox around April 1. People who were slow to get the news or failed to recognize that the start of the new year had moved to January 1 and continued to celebrate it during the last week of March through April 1 became the butt of jokes and hoaxes and were called "April fools". These pranks included having paper fish placed on their backs and being referred to as Poisson d'avril or April fish, said to symbolize a young, easily caught fish and a gullible person.

Have you ever switched out the sugar and salt? See the back page of the newsletter for some of the elaborate April Fool's Day hoaxes that newspapers, radio and TV stations and websites have participated in to fool their audiences!

## Passover

Passover this year begins on Friday, April 15th at sun-down. The celebration centers on the time of Moses and the exodus from Egypt.

In Exodus it says: "Celebrate this day as a lasting ordinance for other generations to come... for you and your descendants... And when your children will ask you, 'what does this ceremony mean to you?' Then tell them, 'It is the Passover sacrifice to God, who passed over the houses of the Israelites in Egypt and spared our homes when God struck down the Egyptians'" (Exodus 12:17, 24-27).

The evening focus is broken down into four parts: enslavement, Moses the Leader, ten plagues, and freedom. The Seder plate holds symbolic foods to illustrate the story. Food and drinks are offered in a specific order. The foods that are placed on the Seder plate include parsley, shank bone, bitter herbs, boiled egg, and haroset. There is also a bowl of salt water and matzah. Parsley is a reminder of spring and renewed fruitfulness. The shank bone provides a memory of the Passover Lamb which was sacrificed as part of the ancient feast. The bitter herbs are for the bitterness endured during bondage. The boiled egg is the traditional symbol of mourning. Haroset (mixture of chopped apples, almonds, cinnamon, raisins, and wine) represents mortar used by the Israelites in building storehouses in Egypt. Salt water is for tears shed by the people in slavery, Matzah recalls the haste with which the Israelites had to leave Egypt, The Seder is not complete without wine; throughout the evening, the wine cup is filled four times.

## Holy Week

This year, Holy Week begins on Sunday, April 10th. The seven days of Holy Week are Palm Sunday, Holy Monday, Holy Tuesday, Holy (or Spy) Wednesday, Maundy Thursday, Good Friday, Holy (or Black) Saturday, and Easter Sunday.

The first day of Holy Week, Palm Sunday is the commemoration of Christ's triumphant entry into Jerusalem. Spy Wednesday is the day for remembering the Bargain made by Judas, and Maundy Thursday commemorates the Last Supper. Good Friday is the crucifixion of Jesus at Calvary. Holy Week ends with the celebration of Easter Sunday.

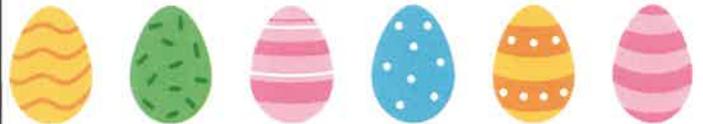

## Easter

Easter is the annual Christian celebration of the resurrection of Jesus from the dead. Easter is the most important of all Christian celebrations. It is not just one day, but 50 days that last until Pentecost, the day on which Christians observe the time when the Holy Spirit came upon the followers of Jesus in a profound and powerful way. As a result of that outpouring of the Spirit, thousands came to believe that Jesus was the promised Messiah and were baptized. Easter has been secularized throughout the world. However, the sacred can be found in the secular symbols if you look for it.

- ◇ Easter eggs are a symbol of new life, of Jesus coming out of the tomb and the promise of eternal life beyond the bounds of the grave.
- ◇ The Easter bunny is a symbol of fertility and new life.
- ◇ The wearing of new clothes on Easter Sunday originated as a way of celebrating the newness of life brought to people through the resurrection of Jesus.
- ◇ Chickens and chicks are part of the secularized version of Easter, but the chicken gives the egg, the symbol of the tomb, and from the egg comes the chick, the symbol of the new life in Christ.
- ◇ The Easter lily is the most popular flower of the Easter celebration. Its trumpet-like shape heralds the news that the tomb of Jesus is empty, and that because He lives, we too shall live beyond death.

In whatever way Easter is celebrated, wherever it is celebrated, Easter means not only that Jesus lives, but also that God is greater than Satan, love is more powerful than hatred, life is stronger than death, and days of despair and darkness are followed by new life and light.

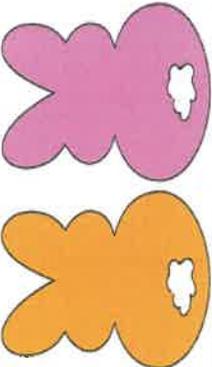

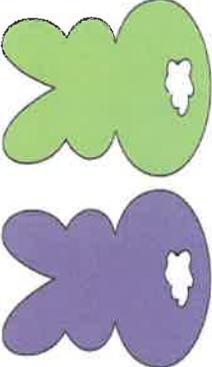

## April Flowers bring May Flowers

This saying originates back to a poem written by Thomas Tusser in the 1500s. He lived in England, and April brings huge weather swings with the jet stream lifting northward at the beginning of Spring. The original poem states: "Sweet April Showers do Spring May Flowers."

# Coping With Conflict:

## How to Avoid the Impact Caregiving Can Have on Your Family

### Part 2

#### Conflict Resolution 101

Keep the caregiving relationship and your relationship with others working smoothly by lowering the temperature in the room before it boils over. How you choose to handle conflicts can make a big difference in your family dynamics. Communication is one of the biggest ways to prevent and cope with conflict. Here are three additional strategies to try:

- Take a mindful approach: When you go into a conversation insisting that your point of view is the only "right" one, it keeps you from being able to respond well to the conversation. When everyone comes to the table with this same mindset, it only reinforces "you versus me" while getting you nowhere fast. Instead, go into conversations with a flexible point of view and respond with compassion and thoughtfulness.
- Find areas where you can agree: Ultimately, you all want the same thing - for your aging loved one to get the best care. Having an honest conversation is the most effective way to find the things you can all agree upon. These are points you can go back to when things get tough.

- Create a caregiving plan: Everyone should be involved in some way, but that doesn't mean everyone can provide the same level of caregiving. Start by letting people take tasks that meet their strengths. Even if someone lives far away, the person might be able to help by taking over financial matters and checking in regularly by phone and video chats. Create a schedule so everyone knows who's doing what and when.

## PLEASE NOTICE

We will be closed on Friday, April 15th for Good Friday. Happy Easter Everyone!

### Earth Day

Every year on April 22, Earth Day marks the anniversary of the birth of the modern environmental movement in 1970. In the decades leading up to the first Earth Day, Americans were consuming vast amounts of leaded gas through massive and inefficient automobiles. Industry belched out smoke and sludge with little fear of the consequences from either the law or bad press. Air pollution was commonly accepted as the smell of prosperity. Until this point, mainstream America remained largely oblivious to environmental concerns and how a polluted environment threatens human health. Today, Earth Day is widely recognized as the largest secular observance in the world, marked by more than a billion people every year as a day of action to change human behavior and create global, national, and local policy changes. Now, the fight for a clean environment continues with increasing urgency, as the ravages of climate change become more and more apparent every day.

### National Volunteer Week

This year, National Volunteer Week takes place April 17-23. The theme this year is Points of Light, as we shine a light on the people and causes that inspire us to serve.

Americans volunteer 8.8 billion hours annually. Volunteers help organizations fill critical gaps in service for nearly every community in the U.S. Without our nation's volunteers, we wouldn't have some of the programs that many communities rely on today.

We have so many wonderful volunteers that help us to serve everyone both at the senior center and in the community. Thank you to our kitchen volunteers for helping to get us set up, serve, and clean up for the noon meal every day. Also, thank you to those who deliver Meals on Wheels to our community members who are unable to join us here. Without you we would not be able to provide this wonderful service to our community.

There are so many ways to volunteer in the community.

### The History of National Volunteer Week

It was first held in 1943 in Canada to pay tribute to the unwavering contributions of women during WWII who would collect supplies and help the wounded soldiers. National Volunteer Week debuted in 1974 in the United States and was revered by the general public. Since then, it has been celebrated every April and it was made a worldwide event in 1990.
