522-35.00 FIRE POSTAGE	CURRENT YEAR NOTES: Fire Dept: This expense is mostly to cover the cost of shipping defective pagers off for repairs. This modest increase also covers the seemingly constant increase in postage.						
522-48.00 FIRE TRAVEL CONF & MTGS	CURRENT YEAR NOTES: Fire Chief - This expense is mostly to cover the cost of training. More people are joining the dept and fire school rates are going up.						
522-48.01 FIRE RESCUE TRAVEL CONF & MOUNTAIN	CURRENT YEAR NOTES: Fire Chief - Again we are looking at the increased rate of training and travel as we have had an increase of EMT's joining our dept in the last year.						
522-57.00 FIRE EQUIP MAINT / OP EXP	CURRENT YEAR NOTES: Fire Chief - This expense has increased as more tools are needed to perform our job. We have Rope Rescue and Confined Space and also Hazmat Operations and Urban Rescue that need more equipment.

	Sutton: We have toured West Point and South Sioux in the past year, have observed their point to point systems in operation and plan on touring other cities mesh network systems in order to get a comparison of the differing communication technologies employed. There are only few communities in the state that have fully implemented an AMI system so I believe others are being cautious as we are about committing to a system. The systems that are out there and are operating are working fine; the most important thing is choosing the technology that will best fit our needs. Technology continues to change and improve in this industry so there are advantages to moving cautiously in our decision to choose a vendor for this. To date there is \$1,287,872 in reserve between water and electric depts.

	Sutton: Request \$ 155,000 Replace 1986, Telelect basket truck This truck has a 1978 Telelect aerial work platform mounted to 1986 chassis. Truck is used primarily for tree trimming and lifting power lines for pole replacement. The St. Dept. uses this truck when an aerial device is needed by them. I would like to replace this elbow truck with an articulated telescopic aerial lift. The articulated telescopic aerial lift has taken over the municipal market for bucket trucks. This is in part due to the functionality of the design and the lower cost of the unit. Our 1996 Altec is of this design and has served us well.							
603-83.03 DIST MISC OTHER EQUIPMENT								
	CURRENT YEAR NOTES:							
	Sutton: Replace wood chipper used for trimming trees. Will purchase used. Chipper will be used by Electric dept. and Street dept. Chips can be used as mulch.							
603-83.04 DIST PICKUPS/TRUCKS								
	CURRENT YEAR NOTES:							
	Sutton: To replace 2000 4x4 Chevy pickup, this vehicle has 70,020 miles on it and has needed significant work done to it the last couple years. This service truck is used at most job sites. This was included in 2014-2015 budget but has not been purchased. 2018-19 Fiscal Year Request \$80,000 To replace 1996 Ford chassis and overhaul Altec bucket truck
